#### High oleic sunflower oil best price (per tonne)

High Oleic Sunflower Oil for Deep Frying | Bulk Price per Tonne | Ukraine Origin

### SPECIFICATION

Engineered for High- Temp Performance. Specially developed for professional deep-frying and extended cooking processes, our Ukrainian high oleic sunflower oil ( $\geq 80\%$  oleic acid) delivers:

- Exceptional thermal stability. maintains quality through 50+ frying cycles
- Smoke point  $232^{\circ}\text{C}$  ( $450^{\circ}\text{F}$ )— no burning or foaming at high temperatures
- Neutral taste preservation, won't transfer flavors between batches

Key Sector Advantages:

- Fast Food Chains. 40% longer fry life vs. regular oils → lower oil replacement costs
- HoReCa Sector. Crystal-clear frying medium for perfect golden crusts
- Large Families. Economical 20L+ packaging options available

Technical Superiority

- Peroxide value:  $< 2.0$  meq/kg (fresh batches)
- Free fatty acids:  $< 0.1\%$  (industry-leading purity)
- Shelf life: 24 months in proper storage

Bulk Solutions (Best Price per Tonne):

- Flexibags. 25MT (ideal for first-time importers)
- IBC. 1000L units with stackable design
- Tanker Loads. 30MT+ with temperature control

Why Ukrainian Origin?

- 2024 Crop Advantage. New harvest available at  $\$1,250$  +/- tonne FOB
- Logistics Network. Weekly shipments from Odessa to global ports
- Quality Certificates. HACCP, ISO 22000, Halal options
